

Year of the Tiger

Tigers were born in

1926	1938	1950
1962	1974	1986
1998	2010	2022

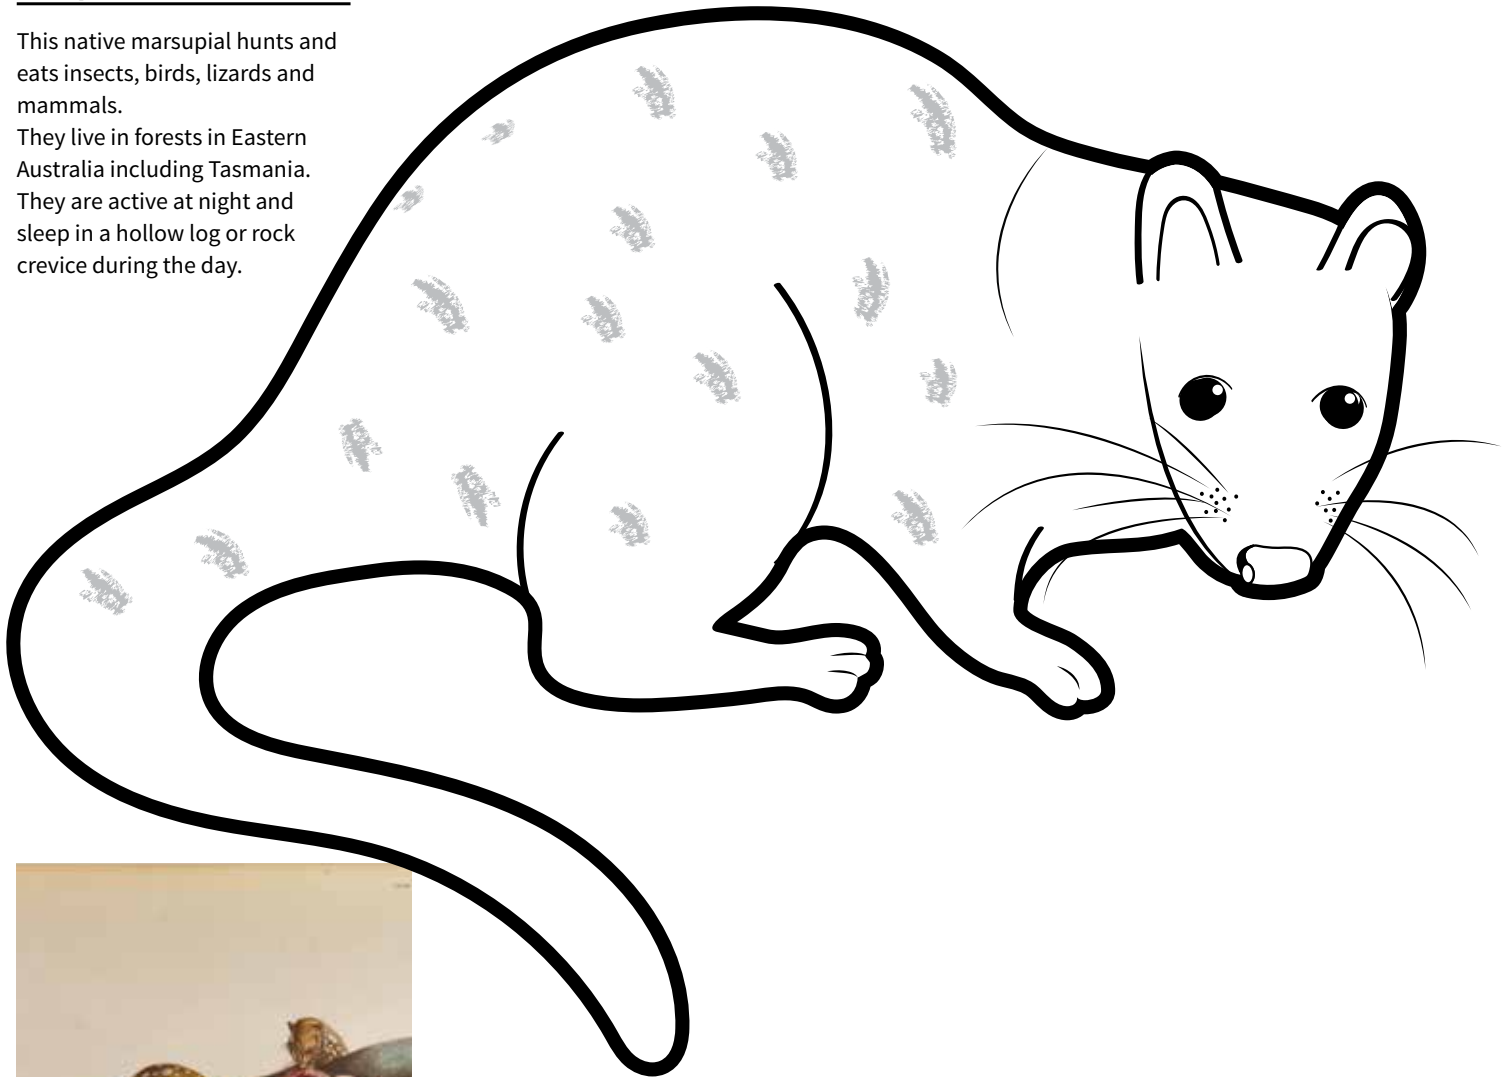

Tiger Quoll

Dasyurus maculatus

This native marsupial hunts and eats insects, birds, lizards and mammals.

They live in forests in Eastern Australia including Tasmania.

They are active at night and sleep in a hollow log or rock crevice during the day.

Adventurous and Outspoken

Tigers are courageous and active people who love a good challenge and adventure. Tigers are kind and benevolent. No matter how many difficulties they face, they never give up.
