You were deep in thought while brushing your teeth and left the water running for 3 minutes.

Miss a turn.

You were too lazy to get the broom out of the shed to sweep the leaves off the driveway and used the hose instead.

Move back 5 spaces.

You lost track of time reciting a poem for your French oral test in the shower and spent 20 minutes in the shower instead of keeping it to less than 4 minutes.

Go back 10 spaces.

It was a hot day and instead of going to the swimming pool to cool off, you turned on the hose, played with water with your siblings and made the water run for one hour.

Miss a turn.

You were too lazy to check the settings on the dishwasher before you turned it on and the dishwasher washed the dishes for 3 hours when it could have taken just 45 minutes on the water saver setting.

Move back 4 spaces.

You notice that the toilet water is running constantly and can't be bothered calling a plumber to fix it for at least a week.

Miss a turn.

You threw a container full of water that you used to wash vegetables down the sink instead of using it to water plants in your garden.

Move back 3 spaces.

You didn't bother to look out for water saving features when you replaced the old dishwasher with a new one.

Move back 4 spaces.

You wash both family cars using a hose.

Miss a turn.

You decide to have a bath and fill the bath to the very top. You only stay in the bath for 10 minutes, get bored and pull the plug and then have a long shower.

Miss a turn.

You water your garden at midday on a hot day. It is better to water the garden in the morning or evening when it is cooler. This will ensure most of the water is absorbed by the plants.

Go back 3 spaces.

The tap in your kitchen needs a new washer to stop it from dripping even when tightly closed. You ignore it for months, wasting valuable clean drinking water.

Miss two turns!

You get distracted when washing clothes in the laundry trough and the water overflows and water is wasted by flowing all over the floor.

Go back 5 spaces.

You put the dishwasher on even though you know it is half full.

Go back 4 spaces.
