CLASS: _____

LEARNING INTENTIONS

As you complete your **SAFE JOURNEYS PROGRAM STUDENT ROAD MAP**, you will:

- develop road safety knowledge to make safe trips
- develop the ability to plan safe, independent travel to and from school and other locations
- have the opportunity to apply these skills by planning and going on a journey to Melbourne Museum
- gain an understanding of the importance of road safety and how you can play a part in stopping people being hurt or dying on our roads.

ACTIVITY 1: SAFETY FOR ALL ROAD USERS

SUCCESS CRITERIA: I understand why road safety is important.

(Double-click/tap on box to edit your response.)

See.

Think.

Wonder.

ACTIVITY 2: ROAD TRIP CHALLENGE

SUCCESS CRITERIA:

- I can use available information to plan a trip on different types of transport.
- I know what I need to do to keep myself and others safe when using the roads and public transport system.

Your first chance to earn a stamp

Using the table in the Activity 2 worksheet (on the following page), describe each stage of your suggested journey to Melbourne Museum. You will need to record the transport type and destination/location details. (e.g. Walk from school to Glenferrie train station.)

Rate each stage of your journey out of 5,
1 being lowest, 5 being highest according to:

- How **SAFE** it is
How many roads are there to cross? What is the chance of an accident?
- How **PRACTICAL** it is
Will we arrive in reasonable time? Are all our classmates able to use this transport type?
- How **ENVIRONMENTALLY FRIENDLY** it is (“E”)
How often is petrol or electricity being used? What other impacts does our trip have?
- How **COST EFFECTIVE** it is
What type of ticket do we need? Do people need to buy bike helmets?

ROAD TRIP CHALLENGE ASSESSMENT

SUCCESS CRITERIA:

- I can use available information to plan a trip involving different types of transport.

1 being 'very unsafe', 5 being 'very safe'

Select a number for each.
Finally, calculate the total in the last column.

GROUP NAME /NUMBER	SAFE	PRACTICAL	ENVIRONMENT	COST -EFFECTIVE	TOTAL
	1 2 3 4 5	1 2 3 4 5	1 2 3 4 5	1 2 3 4 5

SUCCESS CRITERIA:

- I can name an action/s that I can take at an individual, family or community level to positively influence road safety.

Now that you understand the risks involved in using the roads and how to minimise those risks, write yourself a **SMART** goal that can keep you, your family and/or your community safe on the roads.

When writing your goal, ensure it is:

- **SAFE** (What exactly will you need to do?)
- **MEASURABLE** (How will you know if you have done it?)
- **ATTAINABLE** (Is it realistic and something you can do?)
- **RELEVANT** (Will it make a positive difference to road safety?)
- **TIME-BASED** (When do you plan to have achieved this, e.g. by the end of term?)

My **SMART** goal:

(Note: If your parents plan to drive you to secondary school, decide on a backup plan using a combination of public transport, walking or bike riding.)

EXAMPLE BELOW:

JOURNEY STAGE	HAVE	DO	REMEMBER	SUPPORT
e.g. Tram to Nicholson Street.	Myki with at least \$4.50 on it.	If standing, hold on to a pole, handle or rail. Offer seats to those who need them most.	Take backpack off to create space. Be ready to get off tram after crossing Victoria Street.	PTV website or call 1800 800 007.

Once you have confirmed your journey path, your teacher will direct you on how to best present your map, on a poster or digitally. This will include highlighting or marking the path on the map and adding notes or labels.
